

Future Professionals Makeup Academy Syllabus Apprentice Level

School: Future Professionals Makeup Academy

Instructor: Robert Jones

Course Title: Apprentice Level

Course Description:

The Apprentice Level is the first course in a three-course curriculum at the Future Professionals Makeup Academy. The broad purpose of the Apprentice Level course is for the student to acquire a basic level of cosmetic knowledge and technical application skills that will enable the student to be prepared to move on to the more advanced Master Class course.

Course Objectives:

This course will encompass product knowledge, words, tools, and the basic application of makeup. Upon successful completion of this course, students will gain the knowledge necessary to:

- Identify the correct materials and equipment for makeup application
- Identify different types of skin conditions (i.e., under-eye discoloration, veins, rosacea, etc) and how to conceal them for flawless-looking skin
- Basic highlight and contour techniques
- Basic makeup application techniques for all facets of the face

Certificate of Completion:

In order to earn a Certificate of Completion from the Future Professionals Makeup Academy, the student must watch all the Apprentice Level, Master Class, and Working Like a Pro course videos and be able to successfully complete a multiple choice and true or false computer-generated quiz at the end of each course video.
